1.Uvod

1.1. Korišćeni programski jezici

HTML, CSS, JavaScript(Native i jQuery).

1.2. Funkcionalnosti

Koriscena je biblioteke za validaciju forme koje se nalaze na Log in i Sign up strain.

Plugin vanilabox postoji u galeriji radi, klikom na neku od slika se aktivira.

U headeru koji je vidljiv na svakoj strani sajta je uradjen slideshow, koji naizmenično vrti nekoliko slika u odredjenom intervalu.

Na index strani klikom na neki od ponudjenih “buttona” se aktivira toggle efekat jQuerija koji pokazuje dodatni sadržaj na odredjenom mestu.

Galery stranica pored galerije slika ima i mini slajder, koji reaguje klikom na njega. Efekat pomeranje kontenta tog diva za odredjenu kolicinu. Mini animacija rotiranja slike u galeriji je odradjena preko CSS-a

Contact strana ima uradjenu validaciju preko regularnih izraza i klikom na dugme prolazi se kroz formu i izbacuju se greske u koliko ih ima.

Log in i Sign up strana imaju uradjenu validaciju forme preko “validate” biblioteke. Klikom na dugme se realizuje validacija i automatski tokom editovanja tekstualnih polja se menja error poruka u zavisnosti sta smo uneli u polje.

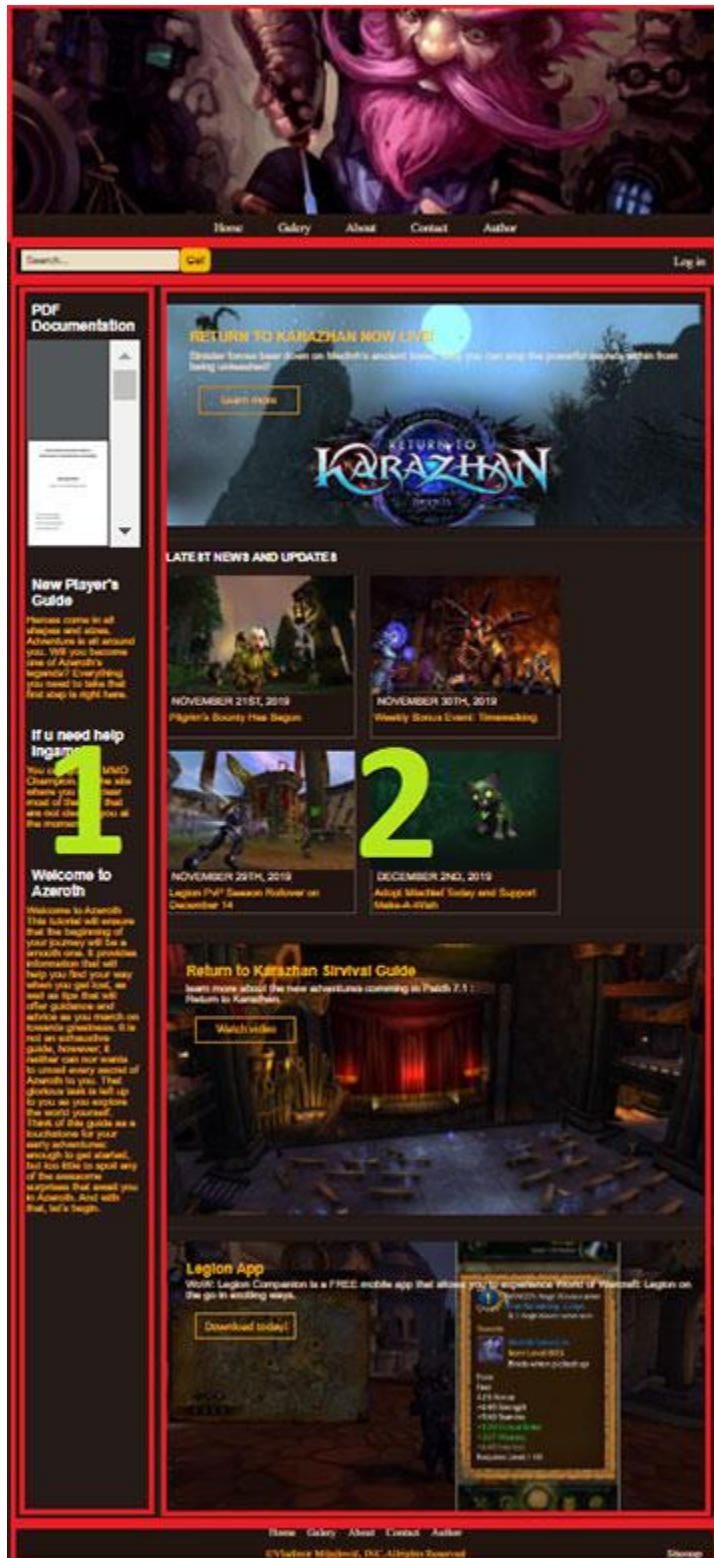

Od dinamičkog ispisivanja je odrađen navigacioni meni u headeru i footeru, kao i dropdown lista u kontakt formi.

Početkom skrolanja kroz sajt, pojavljuje se div u donjem desnom uglu, koji služi za povratak na vrh sajta.

Ceo sajt je responsive, tako da ako smanjimo širinu browsera ili promenimo uređaj ispod 600px, pored ostalih responsiv modifikacija, umesto glavnog navigacionog menia će se pojaviti fa fa ikonica u gornjem desnom uglu stranice. Klikom na ikonicu, preko jquery-a se animirano otvara navigacioni meni. Svakim sledećim klikom na ikonicu će se otvarati ili zatvarati nav. meni. Ikonica je uvek vidljiva na stranici, bez obzira koliko smo skrolali niz stranicu, tako da je navigacija uvek dostupna.

Ceo dizajn sajta je moj, nisu korišćeni nikakvi templejti.

1.3. Template

Ovo je index.html strana.

1. Statički side bar koji je prisutan uvek ako smo iznad 1000px širine prozora.
2. Ovo je kontent sajta koji se menja u zavisnosti na kojoj se stranici nalazimo. Trenutno vidimo kontent index.html strane.

2.3. Organizacija po divovima

Header

Header se sastoji iz 2 diva. Jedan je absolute drugi je relative. Uvek je vidljiv na sajtu.

U slajderu iznad menia se povremeno, na odredjeni vremenski period smenjuju slike jedna za drugom. Uradjeno preko JavaScripta. Navigacija je ubačena dinamički preko JavaScripta.

Footer

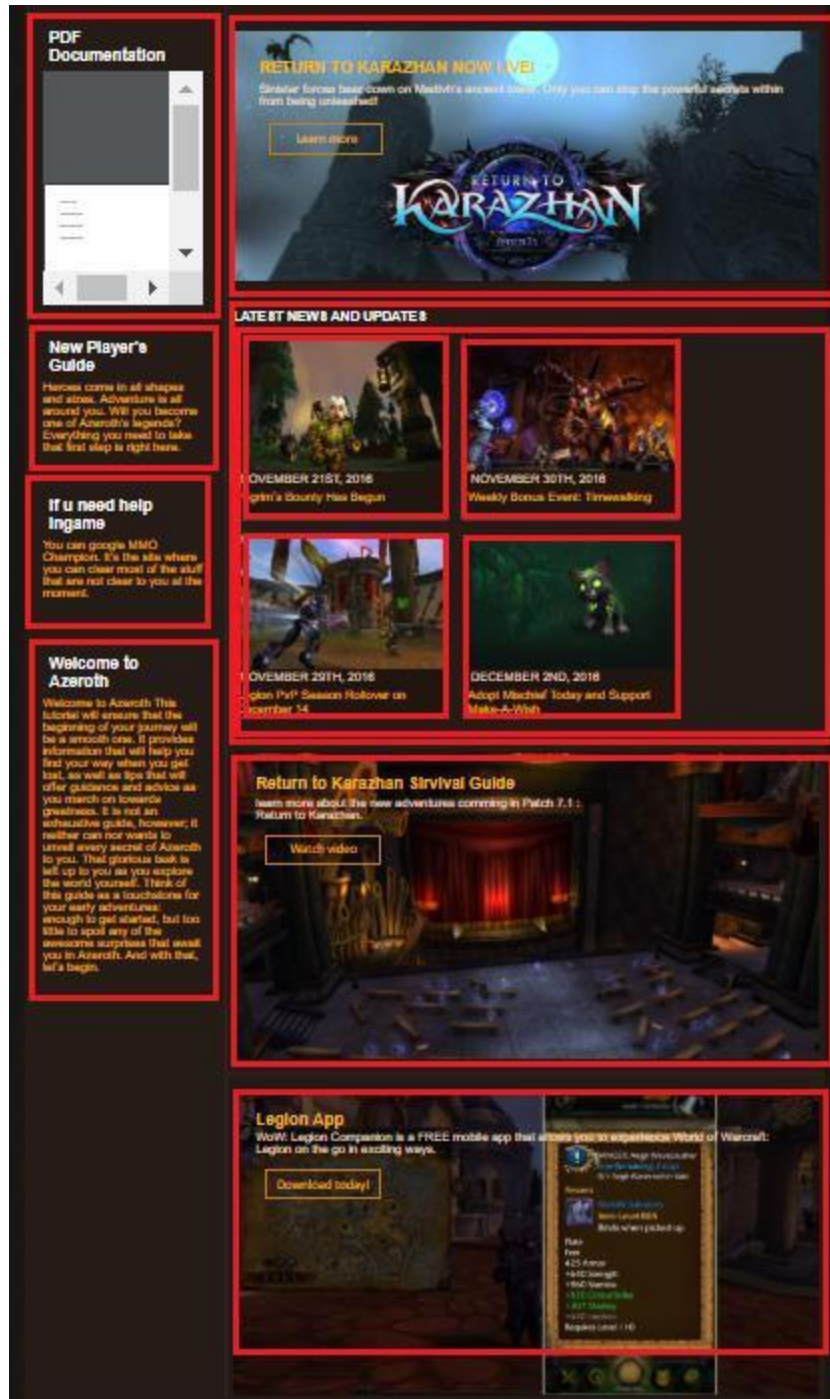

Footer je uvek vidljiv na sajtu. Isto kao i u headeru, navigacija je ubačena dinamički preko JavaScripta.

Search/Login

Search/Login je uvek vidljiv na sajtu.

Index

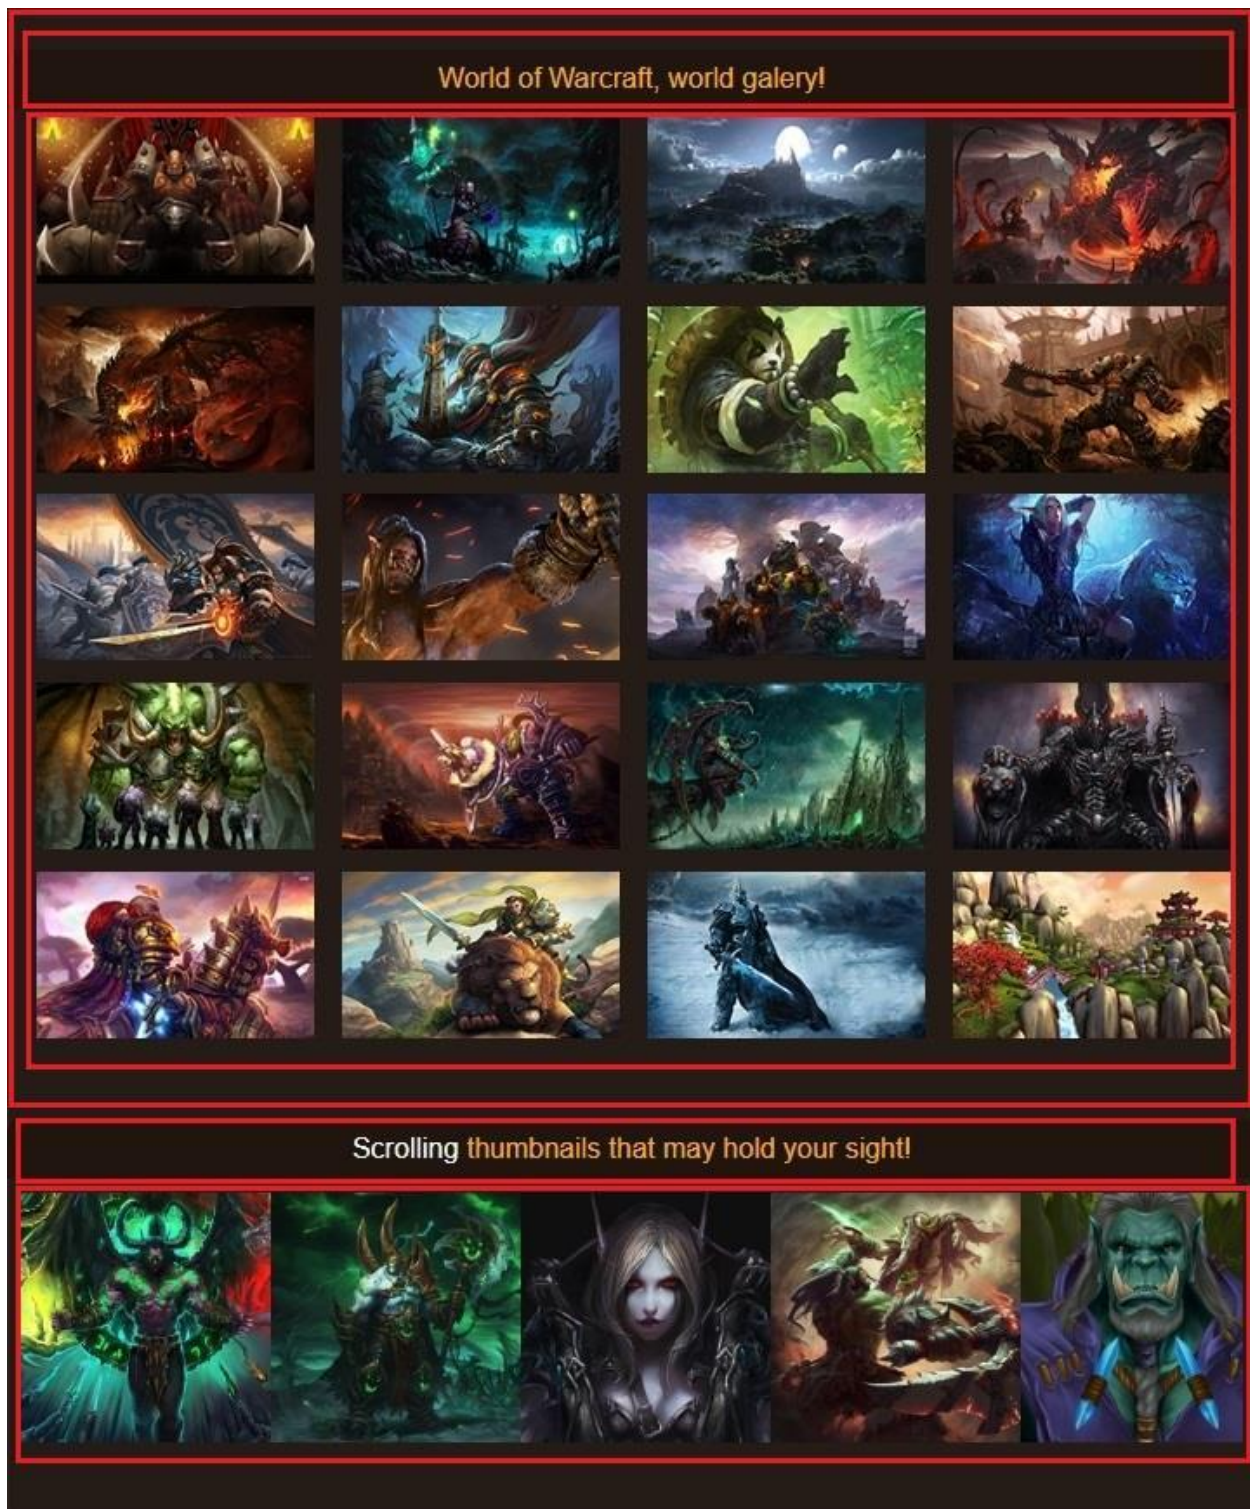

Ovo je index.html strana. Sa leve strane je statički sidebar koji je uvek vidljiv na sajtu na svakoj strani, sve dok je rezolucija tj. širina ekrana/browsera veća od 1000px.

Za sadržaj različitih strana se menja samo desna strana.

Klikom na “Learn more”, “Watch video” i “Download today” se polako pojavljuju divovi sa odredjenim kontentom koji su sakriveni kroz jQuery a zatim ponovo prikazani na klik.

Galery

Klikom na neku od slika iz prve galerije, aktivira se jQuery plugin vanilabox, koji otvara sliku u full formatu preko celog ekrana, i

omogućava menjanje slika.

Donji mini slider se skroluje levo/desno svakim klikom na njega.

Uradjeno JavaScriptom.

About

A little bit about World of Warcraft.

Warcraft: Orcs & Humans <header>

For ages, the fallen titan Sargeras plotted to scour all life from Azeroth. To this end, Sargeras possessed the human sorcerer Medivh and compelled him to contact Gul'dan, an orc warlock on the world of Draenor. There, Sargeras' demonic servants among the Burning Legion worked to corrupt the once - peaceful orcs and forge them into a bloodthirsty army known as the Horde. This cursed force invaded Azeroth through the Dark Portal, a dimensional gateway created by Medivh and Gul'dan, and clashed with the human nation of Stormwind. Aided by the half-orc Garona, human champions like Anduin Lothar fought valiantly to protect their kingdom. Yet, in the end, the mighty Horde shattered Stormwind's defenses. Amid the city's tragic fall, Garona betrayed her allies and assassinated King Liane Wrynn, sealing the nation's defeat. <p>

Warcraft II: Tides of Darkness

The human nation of Stormwind had fallen before the Horde. Knight Champion Anduin Lothar gathered the scattered remnants of the human army and led the refugees north across the Great Sea to the kingdom of Lordaeron. By enlisting the aid of other nations - humans, gnomes, elves, and dwarves - Lothar helped form a great Alliance to stand against the orcs and their ruthless new leader, Orgrim Doomhammer. The seemingly unstoppable Horde continued its rampage, reinforcing its growing army with savage trolls and brutish ogres. But, on the eve of victory, Gul'dan and his followers selfishly abandoned their allies to seek out powerful artifacts, forcing the weakened Horde to retreat. Doomhammer momentarily rallied the orcs when he slew Lothar in a harrowing battle, but the hero's death did not break the Alliance's resolve. Turlyon, Lothar's loyal lieutenant, quickly took up leadership of Azeroth's defenders and finally defeated the Horde.

Warcraft II: Beyond the Dark Portal

Following the destruction of Azeroth's Dark Portal by the victorious Alliance, the orc shaman Ner'zhul took command of the remaining Horde on Draenor. There, he plotted to create portals to other unspoiled worlds and invade each in turn. To enable the rituals for his dimensional conquest, Ner'zhul sent orcish forces through his world's intact Dark Portal in search of powerful relics on Azeroth. Wary of the Horde's plans, the heroes of the Alliance invaded Draenor to end the orcish threat forever. Facing certain defeat at the hands of his enemies, Ner'zhul succeeded in opening numerous portals to new worlds. The resulting magical stress shattered Draenor, trapping many of Azeroth's greatest heroes on Outland, the damaged remains of the planet.

Warcraft III: Reign of Chaos

After years of languishing in captivity, the remaining orcs on Azeroth were liberated by a former slave named Thrall. This young shaman and his reformed Horde fled to the continent of Kalimdor to escape the invasion of the Burning Legion, a demonic army that sought to ravage all of Azeroth. To weaken the world's defenses, the Legion unleashed a horrifying new weapon: the undead Scourge. Prince Arthas Menethil of Lordaeron fought bravely to protect his lands from this dreaded enemy, but his fear and desperation led him to join forces with the Scourge's mysterious leader, the Lich King. On Kalimdor, Thrall's Horde set aside old hatreds and united with other races to thwart a massive Legion assault helmed by the demon lord Archimonde. At great cost, the unlikely union of humans, night elves and orcs defeated their enemies atop sacred Mount Hyjal.

Warcraft III: The Frozen Throne

While the armies of humans, orcs, and their allies recovered from their battle against the Burning Legion, Arthas Menethil - now a Death Knight - slaughtered the living denizens of Azeroth's Eastern Kingdoms in the name of the Scourge. But new forces emerged that threatened to destroy Arthas and his minions: the banshee Sylvanas Windrunner rebelled, creating a splinter faction of undead known as the Forsaken, and the demon-tainted night elf Illidan Stormrage sent his armies to the icy continent of Northrend to strike at the Lich King. Arthas rushed to his master's defense and defeated Illidan, who fled to Outland in shame. At last close to the seat of the Scourge's power, Arthas did the unthinkable, and willingly merged his own spirit with that of the Lich King.

World of Warcraft

Intent on settling the arid region of Durotar, Thrall's new Horde expanded its ranks, inviting the undead Forsaken to join orcs, tauren, and trolls. Meanwhile, dwarves, gnomes and the ancient night elves pledged their loyalties to a reinvigorated Alliance, guided by the human kingdom of Stormwind. After Stormwind's king, Varian Wrynn, mysteriously disappeared, Highlord Bolvar Fordragon served as Regent but his service was marred by the manipulations and mind control of the black dragon Onyxia, who ruled in disguise as a human noblewoman. As heroes investigated Onyxia's manipulations, ancient foes surfaced in lands throughout the world to menace Horde and Alliance alike.

Assault on Blackwing Lair

Deep within the fiery heart of Blackrock Mountain, the black dragon Nefarian conducted twisted experiments with the blood of other dragonflights. Intent on seizing the entire region for his own, he marshaled the remaining Dark Horde, a rogue army that embraced the demonic bloodlust of the old Horde. These corrupt orcs, trolls and other races battled against the Firelord Ragnaros and the shadowy Dark Iron dwarves for control of the smoldering mountain. Before he was vanquished by fearless heroes, Nefarian created the twisted chromatic dragons and a legion of other aberrations in his bid to form an army powerful enough to control Azeroth and continue the legacy of his infamous father, Deathwing the Destroyer.

Contact

The image shows a contact form titled "Contact us:" in yellow text. The form is enclosed in a red border. It contains four input fields: "Full Name:" (a single-line text input), "Email:" (a single-line text input), "Location (town):" (a dropdown menu showing "Chose..."), and "Comment:" (a multi-line text area). Below these fields is a yellow "Send" button. A red arrow points to the right side of the form with the text "<table>" next to it.

Kontakt forma vrši validaciju unetih podataka u formu klikom na dugme "Send". Kroz regularne izraze proverava da li je format teksta u redu. U koliko nije, uklanja se klasa divu koji je inicijalno bio sakriven pomoću te klase. Drop down lista je ubačena dinamički kroz JavaScript. I u koliko nije nista izabrano tj. ako je value od selecta na nuli, izbacuje error text na isti način kao i za ostala polja.

Log in

The image shows a login form with a dark background and red borders. The form is titled "Log in" in yellow text. Below the title is a horizontal yellow line. There are two input fields: "Email:" and "Password:", both with yellow text and light yellow input boxes. Below the input fields is a yellow "Submit" button. At the bottom of the form, there is a link that says "Don't have an account? [Sign up](#)".

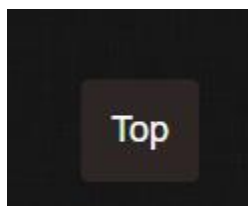

Log in validacija forme se vrši pomoću jQuery biblioteke "Validate". Klikom na submit dugme vrši se provera unešenih podataka. Prvim pokušajem unosa podataka, neće biti nikakvih iritantnih errora. Nakon što kliknemo na dugme, u koliko postoji neki error, isti će se prikazati pored forme, i tokom naseg editovanja tekstualnog polja, error će se automatski ažurirati u skladu sa unešenim tekstom.

Sign up

A UI mockup of a sign-up form. The form is contained within a dark gray rectangular area with a thin red border. At the top of this area, the text "Sign up" is centered in a yellow font, with a horizontal yellow line underneath it. Below this, there are four input fields, each with a label to its left: "Name:", "Email:", "Password:", and "Confirm Password:". The labels are in a yellow font, and the input fields are light gray with rounded ends. At the bottom of the form area, there is a wide yellow button with the word "Submit" in a dark gray font.

act Gul'dan, an orc warlock on the world of Draenor. There, Sargeras' demonic servants among the Bur
ning Legion worked to corrupt the once -
  peaceful orcs and forge them into a bloodthirsty army known as the Horde. This cursed force invaded
  Azeroth through the Dark Portal, a dimensional gateway created by Medivh and Gul'dan, and clashed w
ith the human nation of Stormwind. Aided by the half-
orc Garona, human champions like Anduin Lothar fought valiantly to protect their kingdom. Yet, in th
e end, the mighty Horde shattered Stormwind's defenses. Amid the city's tragic fall, Garona betrayed
her allies and assassinated King Llane Wrynn, sealing the nation's defeat.</p>

    <header class="header_about_wow">Warcraft II: Tides of Darkness</header>
    <p class="par_about_wow">The human nation of Stormwind had fallen before the Horde.
Knight Champion Anduin Lothar gathered the scattered remnants of the human army and led the refugees
north across the Great Sea to the kingdom of Lordaeron. By enlisting the aid of other nations -
humans, gnomes, elves, and dwarves -
Lothar helped form a great Alliance to stand against the orcs and their ruthless new leader, Orgrim
Doomhammer. The seemingly unstoppable Horde continued its rampage, reinforcing its growing army wit
h savage trolls and brutish ogres. But, on the eve of victory, Gul'dan and his followers selfishly a
bandoned their allies to seek out powerful artifacts, forcing the weakened Horde to retreat. Doomham
mer momentarily rallied the orcs when he slew Lothar in a harrowing battle, but the hero's death did
not break the Alliance's resolve. Turalyon, Lothar's loyal lieutenant, quickly took up leadership o
f Azeroth's defenders and finally defeated the Horde.</p>

for his dimensional conquest, Ner'zhul sent orcish forces through his world's intact Dark Portal in
search of powerful relics on Azeroth. Wary of the Horde's plans, the heroes of the Alliance invaded
Draenor to end the orcish threat forever. Facing certain defeat at the hands of his enemies, Ner'zh

    <header class="header_about_wow">Warcraft III: Reign of Chaos</header>
    <p class="par_about_wow">After years of languishing in captivity, the remaining orcs
on Azeroth were liberated by a former slave named Thrall. This young shaman and his reformed Horde
fled to the continent of Kalimdor to escape the invasion of the Burning Legion, a demonic army that
sought to ravage all of Azeroth. To weaken the world's defenses, the Legion unleashed a horrifying n
